Avalon Strategy

ICONA is the base. Stone Harbor is the first-night adventure. Wednesday stays close to Dee while Brian and Amber stay sane.

The shape of the Avalon chapter

Tuesday: explore, do not over-schedule Check in, reset, then head to Stone Harbor's 96th Street bar-perch potential.	Wednesday: stay close to Dee Dee gets her beach day. Brian and Amber stay nearby with real es Shimmers, Avalon Brew Pub, Windrift, pool, shade, room, and AC
Thursday: no itinerary needed Wake up, coffee, pack, move at your own pace, and h anywhere.	The honest truth This is not a fake everybody-on-the-beach day. Dee can beach all a huge sun person. Everybody gets a better day.

Operating rule

ICONA is home base, not jail

Use the hotel zone when it solves a problem. Use Stone Harbor when you want to explore. Use the room/pool/bar/shade when the sun starts acting stupid.
