

Beach Queen Protocol

Dee's Beach Day Rules

This is Dee's day. No rushing, no guilt, no committee meeting, and no pretending Brian suddenly became a sand guy.

Non-negotiable

■ Dee is beach queen

Dee can be out there all day if she wants. The point of choosing ICONA was that Dee gets beach access while Brian and Amber have a civilized escape route.

■■ Dee's lane

Beach, sun, ocean, relaxation. She can settle in and stay as long as she wants.

■ Brian's lane

Brian does not do beach. Carrying something once and waving at the ocean counts as support.

■■ Amber's lane

Amber can do a short sun window if she wants, then shade/AC/pool/drink before it turns into punishment.

■ The family win

Nobody is abandoned, nobody is trapped, and nobody has to fake liking the same thing.

Beach cameo rule

Brian and Amber may help Dee get settled, admire the view, take the required "we are at the beach" moment, then retreat. Mission complete. No guilt.
