

Brian + Amber Survival Map

Stay-Close Escapes

Specific nearby moves while Dee is on the beach. Close enough to check in. Far enough from sand torture.

Best stay-close options

■ ICONA Beach Bar

Closest “I am technically at the beach but not suffering” option. Food, frozen drinks, cocktails, and easy reach if Dee needs anything.

■ Shimmers

Coffee in the morning, lounge reset later. Good for AC/shade energy without leaving the ICONA orbit.

■ Avalon Brew Pub

Sit-down food and drinks when Brian and Amber need a real chair and real lunch.

■ Windrift next door

Feels like leaving the hotel without turning the day into a travel project. Good change of scenery while staying close.

Decision filter

Stay-close means stay-close

During Dee’s beach day, do not wander off into a separate town mission. Tuesday night is Stone Harbor. Wednesday daytime is close support, shade, drinks, and survival.
